

PUGS

PUGS, PUGS, PUGS.
PUGS? PUGS!

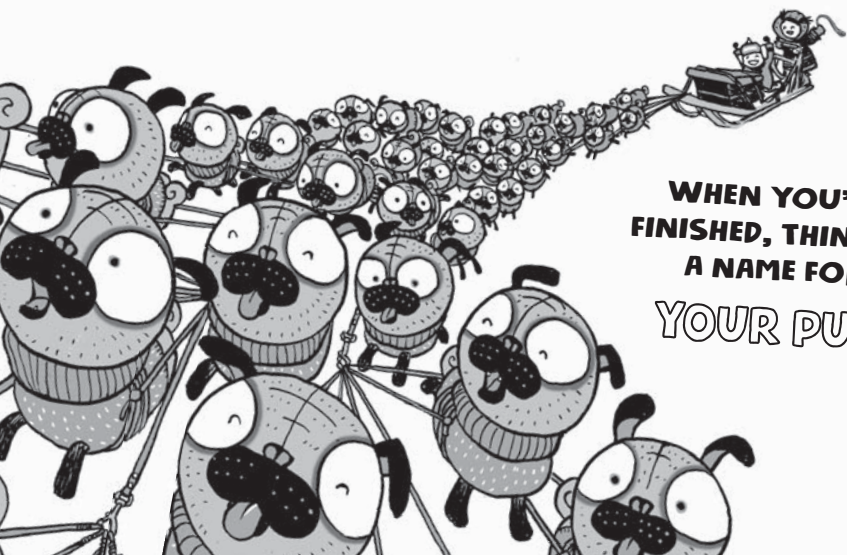

Yes, everybody loves pugs. They're cute, they're friendly, and if you have 66 of them they can pull your sled all the way to the North Pole!

PUGS ARE ALSO QUITE EASY TO DRAW

- especially if you follow the simple steps on the next page.

It doesn't matter if your pug turns out a slightly different shape from the example - **IT'S A DIFFERENT PUG!**

You could draw it in the blank space at the bottom of the page, or on a separate piece of paper if you prefer.

WHEN YOU'VE
FINISHED, THINK OF
A NAME FOR
YOUR PUG.
