- The Rhyme Challenge provides Welsh and English rhymes for your child to learn and practise in school and at home. Have fun sharing rhymes and songs together and completing the challenge, the Pori Drwy Stori explorers will help you!
- My Weather Watch Calendar can be used as a great activity for the autumn half term break. Talking about and recording different types of weather will help your child to develop their language and maths skills in the early years.

- Pori Drwy Stori Book Packs include a fantastic bilingual picture book and an activity magazine for your child to take home and keep. You can listen to the story being read in English and Welsh and find lots of other book related activities on our website www.booktrust.org.uk/poridrwystori-bookpack.
- Hide and Sheep cards are for your child to play with in school and at home. They come with instructions for lots of fun games to play with the cards, that will help make learning fun!

- My Book is an opportunity for your child to be the author and illustrator of their very own book! It also has a page where you can write some comments about the book they've created.
- The Unicorn's Challenge is a fun magazine, full of challenges for you and your child to try as they move from the Reception class to Year 1. The games, activities and challenges will give your child the opportunity to practise and develop the skills they learnt in Reception.
