

### **Rhyming is Fun! (Abracadabra, bim, bam, boo)**

**by Sarah King**

Rhyming words is so much fun  
Come and join in everyone  
Clap, clap, clap and shout your name  
We're playing a magical rhyming game

Abracadabra, bim, bam, boo...  
You're changing into something new!

You have changed into a tiny mouse  
And you're dancing a jig in a tiny house

Abracadabra, bim, bam, boo...  
You're changing into something new!

Now you're flying around, you're a witch on a broom  
Casting spells around the room

Abracadabra, bim, bam, boo...  
You're changing into something new!

You've changed into a fast, red car  
You're zooming, vrooming, racing far

Abracadabra, bim, bam, boo...  
You're changing back into magical you!

Now you're floating up high on a fluffy cloud  
Looking down below at the colourful crowd  
You see lots of people of different types  
Some dressed in colours, some in stripes

**Abracadabra, bim, bam, boo...  
You're changing into something new!**

**Now your back on the ground in a little town  
You're in the circus! You're a funny clown**

**Abracadabra, bim, bam, boo...  
You're changing into something new!**

**Now you've changed into a tall giraffe  
And you've got a really funny laugh**

**Abracadabra, bim, bam, boo...  
You're changing into something new!**

**Now you're made of soft spaghetti  
Looking like a messy yeti**

**Abracadabra, bim, bam, boo...  
You're changing back into magical you!**

**Poetry, song and imagination  
Is what makes Wales an awesome nation  
See, rhyming words is fun, it's true  
Abracadabra, bim, bam, boo!**

### Rhyming is Fun! (Abracadabra, bim, bam, boo) Activity

Let's make a Lollipop Stick Character

#### You will need:

- Card or thick paper
- a printer
- scissors
- glue
- lollipop sticks
- a grown-up to help with the cutting and sticking

You can cut this out!

#### Instructions:

1. Print the activity sheets onto card or thick paper and ask a grown-up for help to cut out the pictures
2. Put some glue onto one end of the lollipop sticks then stick the pictures onto them
3. Use your newly created lollipop stick characters to follow along with the actions in the rhyme. You can even use them to create your own rhymes and stories
4. No printer, no problem. Create your own characters and let your imagination run wild!
