

Nature Hunt

Go outside and have fun exploring your garden, local park or woodland. See how many of these things from *The Cave* you can spot!

Once you've finished why not:

Collect some leaves and use them for leaf rubbing or to create a collage, classroom display or bunting.

Talk about the seasons and how things change in nature throughout the year.

Let us know what you've found on your outdoor adventure **@BookTrust** **#TimeToRead**
